"Analyzing Census Data Using Spreadsheets"

S P E A K E R : T A R A S H Y M A N S K I

Saturday, January 11, 2025 at 10:30am Eastern

Virtual Program via Zoom. Go to wnygs.org to register.

This program is open to the public.

Program Description: Genealogists collect facts. This data can be overwhelming and lead to missing information that is essential for research. Spreadsheets, like Excel, make organizing the facts easier and analyzing the data more thorough. Learn the basics of spreadsheets and how to manipulate data to ensure no information is missed.

Tara Shymanski is an enthusiastic speaker who has presented in Canada, United States, and England. She has deep Canadian roots with Hessian and Loyalist ancestors who arrived in the late 1700s. Tara has a BA in History and a Canadian Records certificate from the International Institute of Genealogical Studies.
